Digital Government Evolution

e-Government

e-services according to department Connected
Government
(CGOV)

e-services according to need

Whole-of-Government (WoG)

e-services according to citizen

Smart Government (SGOV)

> e-services according to citizen dynamic need

→ 1999

2000 → 2005

2006 → 2012

 $2013 \rightarrow ?$

e-Government:

Providing Internetbased government services to citizens

What government?

Smart government:

Leveraging data to make decisions for more effective online services

Reaching "smart" governance

Maturity Level	Definition	Scope
Level 1	Initial (e-Government)	Focus on online services (Sector based)
Level 2	Developing (Open)	Focus on online services (need based)
Level 3	Defined: Data- Centric	Focus on outcomes & efficiency
Level 4	Managed: Fully Digital	Focus on policy dependence across government
Level 5	Optimizing: Smart	New Service Delivery Models

Smart City Development

Local Smart Government Development

Sustainable

It uses digital technology to reduce costs and optimize resource consumption

inclusive and transparent

Empowering citizens & using open data

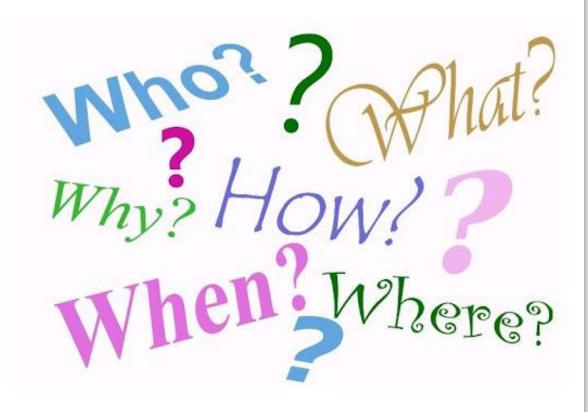

generates wealth

generate highquality jobs, innovation, competitiveness, and business growth

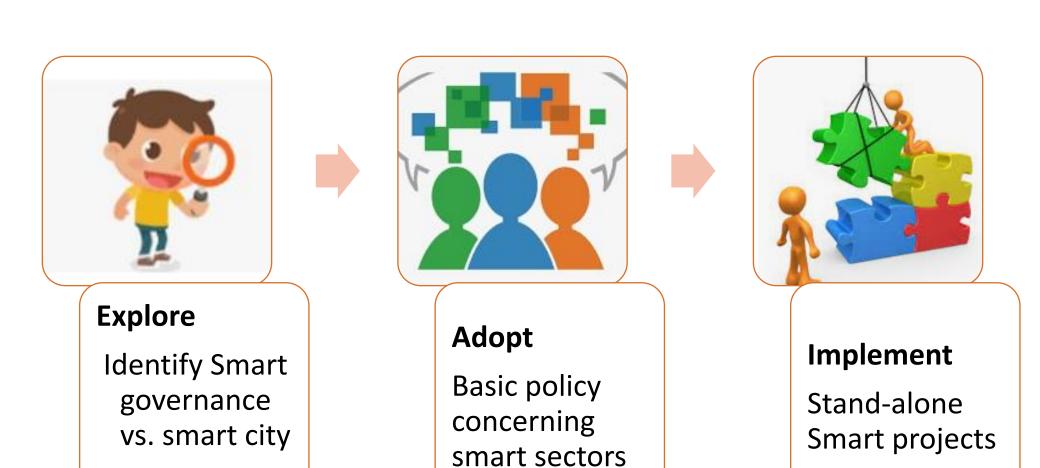

made for citizens

improve the quality of life & quick access to more efficient public services

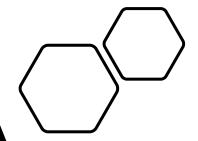

Critical Steps to be considered:

تشكيل فريق عمل صغير (من 5 إلى 7) خبراء من أجل:

- 1. تحديد بعض سياسات / إطار عمل الحوكمة الذكية
- 2. تحديد عدد قليل من القطاعات الذكية ودراسة طرق التحول الرقمي
- تخطيط بعض الأنشطة والمشاريع الصغيرة للانتقال إلى تطبيقات المدن الذكية
 - 4. يتم ترحيل هذه الأنشطة إلى الحكومة الرقمية المحلية للمدينة
 - رفع تقرير إلى مجلس مديري الحكيمة الإلكترونية للتقييم واتخاذ القرار المستقبلي

Form a small task force (5 to 7) experts to:

- 1. Identify some smart governance policy / Framework
- 2. Select few smart sectors and study ways of digital transformation
- 3. Plan some activities and small projects to migrate to smart city applications
- 4. Migrate these into the local digital government of the city
- Report to the council for assessment and future decision
