

INVITATION TO PARTICIPATE

ESCWA Digital Arabic Content Award 2022-2023

Recognizing efforts to develop digital Arabic content for sustainable development.

An ESCWA award

Taking action on the SDGs

In partnership with the World Summit Awards

Shared Prosperity Dignified Life

ESCWA is launching the second cycle of the **ESCWA Digital Arabic Content (DAC) Award for Sustainable Development**, in collaboration with the **World Summit Awards**.

Initiated in 2021 as part of the **Arab Forum for Sustainable Development (AFSD)**, the Award:

- Is delivered annually;
- Targets institutions and young entrepreneurs from Arab countries;
- Highlights the benefits of digital technologies for advancing sustainable development;
- Promotes the creation of quality content related to the **Sustainable Development Goals**.

Applications are **open to institutions and young entrepreneurs** from Arab countries who have created digital Arabic content applications or products that have a clear impact on society. Institutions can be public, private, academic or non-governmental, and young entrepreneurs can be start-up founders, teams of young people or individuals younger than 35 years old.

More information about the requirements for participation is available in the **rules and conditions**, which have been set by the Award steering committee. Submissions will be evaluated by a jury of experts from the Arab region. The Award winners will be announced during AFSD-2023.

This announcement is a **call for participation in the 2022-2023 ESCWA DAC Award**. **Submissions can be made through a dedicated platform until 15 October 2022**. The Award webpage is available at:
