

Introduction

The United Nations Statistics Division is conducting a Global Assessment of Environmental-Economic Accounting under the auspices of the United Nations Committee of Experts on Environmental-Economic Accounting (UNCEEA).

This Assessment has the objectives of:

- (a) Assessing the current status of national implementation of Environmental-Economic Accounting Programmes
- (b) Assessing institutional arrangements for the compilation of Environmental-Economic Accounts
- (c) Identifying priorities and future plans for the compilation of Environmental-Economic Accounts
- (d) Reporting of Sustainable Development Goal (SDG) indicators [15.9.1](#) and [12.b.1](#)

The results will assist the UNCEEA in the optimal development and targeting of technical assistance activities at national and regional level on Environmental-Economic Accounting, thus advancing the implementation of the System of Environmental Economic Accounting (SEEA).

You are kindly requested to complete the questionnaire for the country in which you operate. Please provide as much information as possible. If you feel that an alternative institution should respond to this survey, please let us know at seea@un.org. Furthermore, multiple responses can be submitted per country. If you believe that an alternative institution can provide additional information, please forward the survey to them.

Finally, in addition to using the data from your response for SDG indicators 15.9.1 and 12.b.1, the UNCEEA plans to publish the results of the Global Assessment on the SEEA website (seea.un.org). If you have any concerns or objections to your response being made public, please let us know at seea@un.org.

Thank you in advance for your co-operation.

Instructions

1. Please respond to the questionnaire as completely as possible.
2. For improved readability, we suggest you maximize the survey window on your computer screen.
3. You can exit the survey at any time, and your responses will be saved.
4. To return to the survey, simply re-visit the link provided on the same computer. If you re-enter the survey on a different computer, your responses will not be saved.
5. Do not press "Submit survey" at the end of the survey until you have completed the entire survey. Selecting this option will submit your responses to UNSD.

Some pages may take a few minutes to load - your patience is appreciated.

Respondent Details

1. Country

2. Name of institution

3. Name

4. E-mail address

Implementation

5. Has your institution compiled environmental-economic accounts within the last 5 years (2015-2020)?

**For the purposes of this assessment, an institution is considered to be compiling an environmental-economic account if it compiles any part of the SEEA accounts (e.g. either supply or use) in physical or in monetary terms. In addition, compilation may be on a pilot basis and need not be at the national level.*

- Yes, we have compiled at least one environmental-economic account within the last 5 years
- We are currently compiling our first environmental-economic account
- We have not compiled accounts yet, but we plan to compile at least one environmental-economic account
- We have never compiled any environmental-economic accounts and have no plan to do so
- We have compiled at least one environmental-economic account, but more than 5 years ago

This Question is Conditionally Shown if: (5 = We have compiled at least one environmental-economic account, but more than 5 years ago)

55. What accounts did your institution previously compile?

This Question is Conditionally Shown if: (5 = We have compiled at least one environmental-economic account, but more than 5 years ago)

57. Why did your institution stop compiling environmental-economic accounts?

- Lack of funding and resources
- Staff turnover (knowledgable staff departed)
- Not enough user demand for the accounts
- Other

This Question is Conditionally Shown if: (5 = We have compiled at least one environmental-economic account, but more than 5 years ago AND 57 (Other) = Selected)
58. Please describe the other reason(s) your institution stopped compiling environmental-economic accounts.

This Question is Conditionally Shown if: (5 = We have compiled at least one environmental-economic account, but more than 5 years ago)
59. Do you have any plans to re-start compilation of environmental-economic accounts?

- Yes
- No

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years)

6. Are any of these accounts compiled on a regular basis?

- Yes
- No
- We have only compiled the accounts once, but plan on compiling them on a regular basis moving forward
- We have only compiled the accounts once and do not plan on compiling them on a regular basis moving forward

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years)

7. Are any of the accounts compiled also published (e.g. on your institution's website or in another format)?

- Yes
- No
- No, but we plan to do so

This Question is Conditionally Shown if: (7 = Yes)

61. Please provide the website(s) where we may find your institution's compiled accounts. If the published accounts are not available online, please write "NA".

Note that we may share these publications on the SEEA knowledge base at <https://seea.un.org/content/knowledge-base>.

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR 5 = We are currently compiling our first environmental-economic account)

8. Please describe the funding mechanisms in place for your programme on environmental-economic accounting.

- Compilation is part of the regular work programme
- Compilation is done on an ad-hoc basis (with internal funding/staff allocation)
- Compilation is done with internal staff on an ad-hoc basis (with external funding)

- Compilation is done with the assistance of consultants, on an ad-hoc basis (with external funding)
- Other

This Question is Conditionally Shown if: (8 = Compilation is done with internal staff on an ad-hoc basis (with external funding) OR8 = Compilation is done with the assistance of consultants, on an ad-hoc basis (with external funding) OR8 = Other)

10. Please specify the source of the funding.

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR5 = We are currently compiling our first environmental-economic account)

11. What is the total full time equivalent (FTE) number of staff employed in the compilation of SEEA-based accounts in your institution?

Please enter the total number of staff you have dedicated to environmental-economic accounting in full time equivalent (FTE). For example, if you have one staff member who dedicates half of their time to environmental-economic accounting, insert "0.5"

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR5 = We are currently compiling our first environmental-economic account)

12. Does your institution compile SEEA Central Framework accounts?

For the purposes of this assessment, an account is considered to be compiled if any part(s) of it is compiled. For example, 'physical supply and use tables' should be considered as being compiled even if only physical use tables are compiled.

- Yes
- No

This Question is Conditionally Shown if: (12 = Yes)

13. Which SEEA Central Framework accounts have been or are currently being compiled by your institution? Please check all that apply and indicate the years for which these accounts were compiled (e.g. if the accounts were compiled in 2020, for the year 2018, please mark 2018):

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years)

16. Does your institution compile any aggregates using the SEEA?

- Yes
- No

This Question is Conditionally Shown if: (16 = Yes)

17. Please describe the aggregates compiled.

Institutional arrangements

18.

Do other institutions/agencies (e.g. National Statistical Office, Central Bank, Ministry of Environment, Ministry of Economic Affairs/Planning, etc) compile any environmental-economic accounts in your country (either partial or entire accounts)?

Please note that this refers to any other institutions/agencies which actually produce the accounts (or parts of the accounts). It does not refer to institutions/agencies which contribute to their compilation by providing data, technical advice, etc.

- Yes
- No
- Do not know

This Question is Conditionally Shown if: (18 = Yes)

20. Please provide further details of the other institutions/agencies which are involved in compiling the accounts in your country. Please indicate the name of institution/agency and account(s) they are involved in compiling.

19. Does your institution have a geospatial information management system or related resources?

- Yes
- No

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR 5 = We are currently compiling our first environmental-economic account OR 5 = We have not compiled accounts yet, but we plan to compile at least one environmental-economic account)
21. Has a multi-agency co-ordination mechanism (e.g. working group or committee) been established among stakeholder institutions/agencies to enable the production of SEEA accounts and supporting statistics in your country?

- Yes
- No

This Question is Conditionally Shown if: (21 = Yes)

22. Please specify the co-ordination mechanism involved.

This Section is Conditionally Hidden if: (5 = We have never compiled any environmental-economic accounts and have no plan to do so OR 59 = No)

Technical assistance

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR 5 = We are currently compiling our first environmental-economic account OR 5 = We have not compiled accounts yet, but we plan to compile at least one environmental-economic account)
23. Has your institution received technical assistance from international/regional organizations, NGOs or other institutions for the development of environmental-economic accounts, within the past five years (2015-2020)?

- Yes
- No

This Question is Conditionally Shown if: (23 = Yes)

24. Please provide details of the technical assistance received between 2015 and 2020, including the provider of the technical assistance and the accounts for which assistance was received.

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years)

25. Has your institution PROVIDED technical assistance to other countries in the past five years (2015-2020)?

- No
- Yes

This Question is Conditionally Shown if: (25 = Yes)

26. Please provide details of the technical assistance provided to other countries in the past five years (2015-2020), including the name of country, type of account and year the assistance was provided.

This Section is Conditionally Hidden if: (5 = We have never compiled any environmental-economic accounts and have no plan to do so OR 59 = No)

Future plans

This Question is Conditionally Shown if: (5 = Yes, we have compiled at least one environmental-economic account within the last 5 years OR 5 = We are currently compiling our first environmental-economic account)

27. Does your institution have plans to expand* its environmental-economic accounting programme?

**Plans to expand can related to:*

1. *Broadening the coverage of existing accounts (e.g. compiling physical supply tables to complement existing physical use tables)*

2. *Starting compilation of new accounts (e.g. beginning compilation of water accounts)*

3. *Improving the time lag of the accounts / or moving to quarterly accounts*

Yes

No

This Question is Conditionally Shown if: (27 = Yes)

30. Does your institution have plans to expand compilation of the SEEA Central Framework?

Yes

No

This Question is Conditionally Shown if: (30 = Yes)

31. Which SEEA Central Framework accounts does your institution have expansion plans for?
