Group exercise (30 min):

Day 2.

A. What are the main learnings from today?	B. How can this knowledge be applied when we go back to our countries?	C. What are the main challenges?

Group exercise (30 min):

Prepare a summary on conclusions of the workshop to report back to plenary. Your group presentation may include:

A. The good
• What new did you learn?
• What are good practices showcased by countries?
• …

B. The bad
• What are the main challenges for TUS in the region?
• What can be done better next time a TU survey is implemented?
• …

C. Solutions
• What are countries in the region doing to address these challenges?
• How feasible is it to implement the new tools available (Guide, MHI, LFS module, MICS, …)?
• How feasible is it to apply modern technologies?

D. Way ahead
• What are the plans for TUS in countries in the region?
• …
