Fifth Arab Internet Governance Forum - ArabIGF-V
المؤتمر الخامس للمنتدى العربي لحوكمة الإنترنت
Cairo, 22-23 January 2020

Organized by ESCWA and the League of Arab States and hosted by the Arab Administrative Development Organization (ARADO), the Fifth Arab Internet Governance Forum (ArabIGF-V) will be held in ARADO premises in Cairo - Heliopolis, from 22 to 23 January 2020, with the support of the Arab IGF Secretariat run by the National Telecom Regulatory Authority of Egypt.

The Arab IGF process, organized since 2012, as a dialogue platform on Internet global public policy issues, is based on a Multistakeholder bottom-up model. The programme of the forum is developed through an Arab Multi-stakeholder Programme Advisory Committee (AMPAC) representing various internet governance actors and stakeholders.

It is our pleasure to invite all stakeholders from within and outside the Arab region to participate in the ArabIGF-V, from governments, business sector, civil society, technical community and academia, and international and regional organizations.

The web page below provides additional information on the event, including the thematic areas, background documents, workshop template and the online registration.

Looking forward to your participation in the ArabIGF-V and your contribution to the thematic discussions.

On behalf of the Arab IGF
Economic and Social Commission for Western Asia (ESCWA) & League of Arab States (LAS) Arab IGF Teams

NB: The global IGF process is organized by the United Nations since 2006 based on a Multistakeholder bottom-up model. The last global IGF event was convened in Berlin, in November 2019 under the slogan of One World - One Net - One Vision.
