Progress Report on the
Implementation of the Work Programme

Corrigendum

Paragraph 118 on page 38 should read as follows:

During the period under review, work on the first and second phases for the establishment of the Arab Regional Documentation Centre for Economic and Social Development was completed. It consisted of surveying libraries, research institutes and information and documentation centres in the economic and social fields in the Arab countries as well as the preparation of the feasibility study for its implementation. The note of the Executive Secretary and its annex on the matter summarize the findings and conclusions of the survey and elaborate on its follow-up.
